HOTELLERIE 2026

RESTAURANT  
HOTEL

We strongly believe in the uniqueness of the single individual. We do not want a homogeneous world, where everyone thinks alike. All we do is offer our customers the opportunity to stand out by becoming unique.

We do all this starting from a family production tradition of over 70 years, made of craftsmanship of the highest quality and experience, combined with the most advanced technological solutions.

We produce unique and bespoke professional tools to suit your culinary art.

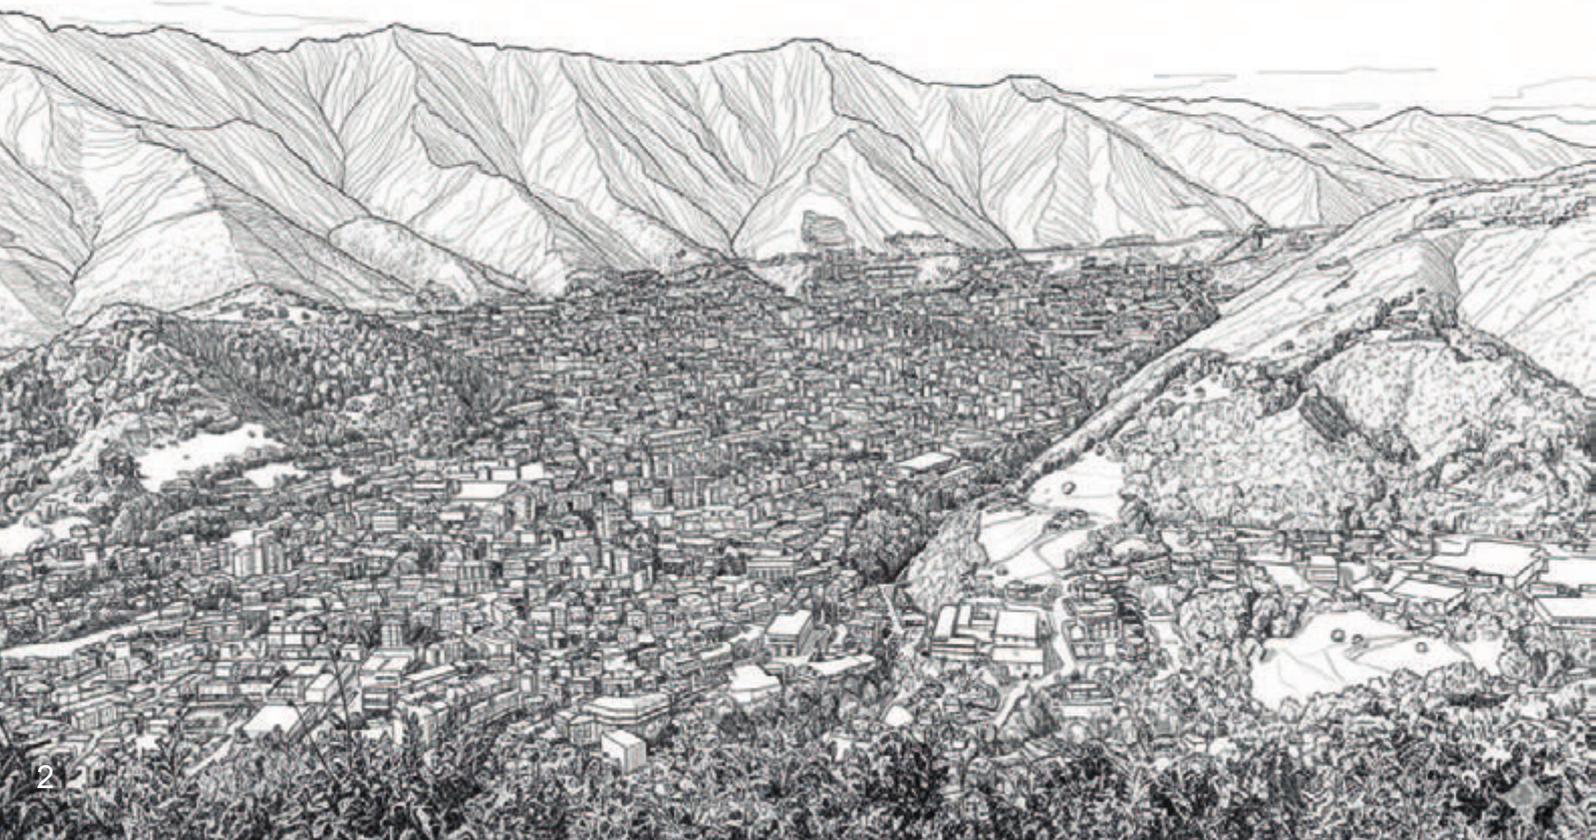

# Since 1947

Since 1947, Mepra has stood as a symbol of Italian excellence in stainless steel cutlery, cookware, and tableware. Founded in Lumezzane, in the heart of the Brescia region, the company was the first to produce flatware in the area. Established by the Prandelli family, Mepra transformed a deep passion for metalworking into a refined art form that continues to define its legacy today.

Over the decades, Mepra has combined traditional craftsmanship with continuous innovation, creating iconic collections that embody Italian style and design.

Every piece is the result of careful research, skilled hands, and a vision that connects heritage with modern living.

Today, Mepra is present in the most prestigious hotels, restaurants, and homes around the world, bringing timeless beauty and uncompromising quality to every table.

# Save

.....MEPRA since ever,  
cares about our  
PLANET and,  
consequently, cares  
about us.

It has been one of the  
first companies to install  
purifiers and to recycle  
all the possible  
materials.

We are a company that  
look forward to our  
future: we could not do  
our job without  
preserving the  
environment we live in.

The GREEN PROJECT  
is born to show you all  
our commitment to save  
the planet through the  
creation of products  
studied for this specific  
target.

# The Planet

## **Lifetime Products**

Our products are built to last, reducing waste and avoiding disposable culture. Choosing Mepra means investing in quality and sustainability.

## **Energy & CO<sub>2</sub> Reduction**

Our photovoltaic plant generates over 160,000 kWh each year, cutting CO<sub>2</sub> emissions by 84,000 kg. In winter, a cogeneration system produces both heat and electricity, resulting in significant energy savings.

## **Recycling & Waste Management**

The majority of our steel comes from recycled sources. All production waste is collected and reintroduced into the supply chain to create new raw material.

## **Water Conservation**

Since the early 1990s, our filtration system has allowed us to recover and reuse washing water and detergents, with no discharge into the sewage system.

## **Air & Substances**

As early as the 1980s, we replaced polluting chlorinated solvents with water-based solutions and upgraded polishing machinery with dust-suction systems to protect the air we breathe.

Mepra has been able to combine wisdom industrialization with craftsmanship, which the company has strongly wanted to preserve in its DNA, keeping its roots in Val Trompia.

The strong belief of the company is that a Mepra product cannot exist without a part of the heart of the artisans who create it: man touches, shapes and makes objects unques.

Thanks to all this, our atelier is able to tailor the most exclusive creations.

Today "Mepra" offers the highest quality standards in the sector, with particular attention to the respect for people and nature, from which we draw all our resources and create the true value of our company.

In this period of time, with the technological advancement of production, the no less important aspect linked to environmental issues has also been added, through a rational use of energy resources, lowering the consumption and greenhouse gas emissions.

# Atelier Mepra

.... MEPRA, a company always in evolution, decides to make available to its own dealers the opportunity to present its own "tailoring method". Our job is to create sets of UNIQUE cutlery, . **Tailor made**, fulfilling the most sophisticated and precise requests of the most exigent consumers. The most intuitive method is undoubtedly, THE CONFIGURATOR, an innovative tool that allows, in a three-dimensional way, to see and evaluate in real time your creation : modeling, finishes and customization. Once designed, we make it ...

## Customization an added value

Offer your customers a truly unique experience. In the world of retail, customization is more than just a feature —it's an opportunity to stand out and build a deeper connection with your clients.

With every product you can offer a tailored option, perfect for a thoughtful gift or an exclusive service that gives customers more choice. Whether it's adding a personal touch with custom branding, selecting the ideal colors and finishes to match their style, or even customizing boxes with your own logo, customization elevates your store's appeal. It's not just about selling products — it's about offering something special, something memorable.

With high-quality craftsmanship and attention to detail, we help bring your vision to life, ensuring that every customized item reflects the essence of your brand and your client's identity.

## Made for You

Customization isn't just for packaging. Here at Mepra, we offer the possibility to personalize every item in our catalogue — from flatware sets and underplates to even our cookware.

The importance of personalization goes far beyond aesthetics. It transforms an object into something meaningful and memorable.

A personalized gift carries your story and your message. Whether it's an engraved set of cutlery to celebrate a wedding anniversary, custom-made underplates for a housewarming gift, or cookware engraved with a family name for a culinary enthusiast, personalization turns a beautiful product into a timeless keepsake. Gifting a tailor-made creation is a way to show care and thoughtfulness, making every occasion unforgettable.

Grazie a una nuova tecnologia sviluppata internamente, la finitura ATMOSFERA è particolarmente resistente alla lavastoviglie, al graffio e ai d e t e r g e n t i chimici, garantendo praticità e durata senza compromessi estetici.

The collection is made of 18/10 stainless steel and is distinguished by an exclusive powder-coating finish. Thanks to a newly developed in-house technology, the ATMOSFERA finish is highly resistant to dishwashers, scratches, and chemical detergents, ensuring practicality and long-lasting durability without compromising aesthetics.

Die Kollektion wird aus Edelstahl 18/10 gefertigt und zeichnet sich durch eine exklusive Beschichtung aus. Dank einer neu entwickelten Technologie ist die ATMOSFERA-Oberfläche besonders spülmaschinenfest sowie altamte resistente al Kratzer und chemische Reinigungsmittel garantiert so Funktionalität und Langlebigkeit ohne ästhetische Kompromisse.

La finitura interna in porcellana esalta l'eleganza delle forme esterne, valorizzandone le linee e donando al prodotto un equilibrio raffinato che ne sottolinea la bellezza complessiva.

Die innere Porzellanoberfläche unterstreicht die Eleganz der Formen, betont ihre Linienführung und verleiht dem Produkt eine ausgewogene, raffinierte Gesamtwirkung.

Su richiesta, la finitura Atmosfera può essere realizzata anche in colori personalizzati. Per ogni colore viene sviluppata una specifica **ricetta**, studiata per garantire uniformità, qualità e fedeltà cromatica.

Upon request, the Atmosfera finish can also be produced in customized colors. For each color, a dedicated **color recipe** is developed to ensure consistency and quality.

Sur demande, la finition Atmosfera peut également être réalisée dans des couleurs personnalisées. Pour chaque teinte, une **recette couleur** spécifique est développée afin de garantir cohérence et qualité.

Auf Anfrage kann die Atmosfera-Oberfläche auch individuell gestalteten Farben gefertigt werden. Für jede Farbe wird eine eigene **Farbrezeptur (Rezept)** entwickelt, um höchste Qualität und gleichbleibende Ergebnisse zu gewährleisten.

Bajo solicitud, el acabado Atmosfera también puede realizarse en colores personalizados. Para cada color se desarrolla una **receta** específica que garantiza coherencia y calidad.

Per questo motivo è necessario fornire il codice RAL del colore prescelto. Di seguito sono riportati alcuni esempi.

For this reason, clients are required to provide the RAL code of the selected color. Below are some of the color examples.

Il est donc nécessaire de nous communiquer le code RAL de la couleur choisie. Vous trouverez ci-dessous quelques-unes des couleurs exemples.

Aus diesem Grund ist die Angabe des RAL-Codes der gewünschten Farbe erforderlich. Nachfolgend einige Farben Beispielen.

Por este motivo, es necesario que nos envíen el código RAL del color seleccionado. A continuación se muestran algunos de los colores de muestra.

# TECHNOLOGY

# GLAMOUR

Elegance meets functionality. A return to the origins: healthy and natural cooking with premium 18/10 stainless steel, the same used in hospitals for its hygiene and durability.

Sandwiched thermoradiant bottom (18/10 Stainless Steel - Aluminum - Steel for Induction).

Practical cleaning: in case of burnt residue, add a little water to the heat source to dissolve the grease. Avoid using abrasive scouring pads; a damp cloth or soft sponge is sufficient.

The handles are welded with no interior rivets, ensuring a smooth, hygienic, and easy-to-clean surface.

Inner layer

No coating — just pure steel to enhance the true flavor of food.

Outer layer
